

**PROJECT:  
SAINT MARIE**

**Marie did not have very much so this was a very easy and quick project**

This accordion belonged to Marie's uncle who was sent to Normandy as a 19 year old. Unfortunately he was killed during the invasion but they sent it back to the family.

A music teacher stopped at the estate sale and knew a student that would appreciate. So we made her a very good deal and it now has a good home. I just love these stories!!

We usually hold Yard-Estate Sales Thursday -Sunday with Sunday being "Most items Free".

Marie just didn'

t have enough stuff to justify 4 days so we only did Friday and Saturday.

Some items were sold before we started the sale.

Due to the the volume of items she had and the home was already very neat and organized we only needed about 3 hours to set up and 2 to clean up.

I ended up owing her money!!

Go Marie!!
